nineteen97

A figure who has over the past year has commanded the cultural sphere within the Midlands, nineteen97 is an artist who, thanks to his expertise in a plethora of fields within the visual arts and entrepreneurial spaces, approaches creation with a curatorial mindset. Aiming to build on the groundwork from modern giants within his orbit, nineteen97 is utilising his own music output to help define his area as one of the world's most rapidly ascending cultural hubs; inviting a diverse range of talent from local surroundings and worldwide to build unique, but no less incendiary cuts of forward thinking rap music.

His music has had editorial support from all major DSP's including Spotify, Apple Music, Amazon +44 & Youtube Music & has also been playlisted as BBC 1Xtra Track Of The Week.

nineteen97 most recently performed on the Notion stage at The Great Escape festival, will perform on the main stage at MADE fest in the Midlands in July & at the BBC 1Xtra Common Wealth Games closing event in August.
